The "Basic Knowledge about ASP.NET - Empowering Students in Web Development" event, organized by "Career and Courses," was a highly informative offline program aimed at providing students with essential knowledge and skills in web development using ASP.NET. The event took place on 4th July, 2022 to 25th July, 2022, aiming to empower participants to explore the world of web applications and development.

Program Objectives:

The primary objectives of the event were:

- To introduce students to the fundamentals of web development and ASP.NET technology.
- To provide hands-on experience in building web applications using ASP.NET.
- To demonstrate the significance of ASP.NET in modern web development.
- To inspire students to consider careers in web development and related fields.

Course Duration	40 hrs.

The “Introduction to AutoCAD - Unlocking Design Excellence for Students” event, organized by “Career and Courses,” was a highly enlightening offline program aimed at equipping students with essential knowledge and skills in computer-aided design (CAD). Held on 7th April, 2023 to 25th April, 2023 at Seminar Hall, the event sought to introduce participants to AutoCAD, a widely-used software in the field of engineering, architecture, and design.

Program Objectives:

- To learn software like AutoCAD, Inventor/ Pro E/ Uni-graphics and to produce basic concepts to make 2D drafting.
- To apply basic concept to drawing, edit, dimension, hatching etc. to develop 2D & 3D Modelling.
- To make 3D modelling, Assembling, modification & manipulation along with detailing.
- To prepare surface modelling and sheet metal operations through various exercises
- To understand and resolve the one-dimensional problem using FEM.

Course Duration	32 hrs.

The " **Basic Knowledge about MATLAB - Unlocking the Power of Computational Excellence** " event, organized by "**Career and Courses**," was a highly enlightening offline program designed to equip students with essential knowledge and skills in MATLAB - a powerful numerical computing software widely used in engineering, science, and research fields. The event took place on 2nd July, 2022 to 23rd July, 2022 at Seminar Hall , aiming to empower participants with computational excellence.

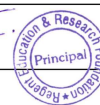

Program Objectives:

The primary objectives of the event were:

- To introduce students to the fundamental concepts of MATLAB and its applications in various scientific and engineering domains.
- To provide hands-on experience in using MATLAB for solving mathematical and computational problems.
- To demonstrate the significance of MATLAB in data analysis, simulations, and research applications.
- To inspire students to consider careers in fields where MATLAB is an essential tool.

Introduction:

The purpose of this report is to provide an overview of the GATE (Graduate Aptitude Test in Engineering) preparation classes conducted by RERF College for B.Tech Electrical Engineering (EE), Electrical and Electronics Engineering (EEE) students. These classes have been held every Monday since February 2023 with the aim of helping students excel in the GATE examination.

About The Faculty:

Name: Sri. Deshraj Singh

Work Expouser: IES, IPS, Former faculty of MADE EASY

Background:

RERF College recognized the significance of GATE as a crucial examination for engineering graduates seeking higher education opportunities in prestigious institutes and career advancement in technical fields. To assist the students in their GATE preparation journey, the college initiated specialized classes to equip them with the required knowledge and skills.

Schedule and Frequency:

The GATE preparation classes have been scheduled every Monday since February 2023. The weekly frequency ensures a consistent and dedicated approach towards the exam preparation. These classes are held in the afternoon to accommodate the regular academic schedule of the students.

Target Audience:

The classes are specifically designed for B.Tech students majoring in Electrical Engineering (EE), Electrical and Electronics Engineering (EEE). The content is tailored to match the syllabus and requirements of these disciplines.

Curriculum:

The curriculum of the GATE preparation classes covers all relevant subjects and topics that appear in the GATE examination. The curriculum of the GATE preparation classes covers all relevant subjects and topics that appear in the GATE examination. It includes comprehensive lessons on core concepts, problem-solving techniques, and practice sessions. The curriculum is aligned with the latest GATE syllabus and is periodically updated to ensure relevance.

Student Participation:

The pupils' response has been overwhelmingly positive. Attendance at the GATE preparation classes has been consistent, and students actively participate in discussions and problem-solving sessions. The students appreciate the opportunity to learn from experienced faculty members and fellow students.

Future Plans:

RERF College plans to continue these GATE preparation classes in the upcoming academic years in daily basis, further refining the curriculum based on student feedback and the evolving GATE examination pattern. The college also aims to explore opportunities for additional resources, such as guest lectures and online resources, to augment the learning experience.
