### Online Education

1. Does all programs/courses were completed on time.	No
2. Measures taken to complete the syllabus of courses and programs.	<p>All the programmes taught in the college are affiliated to Maulana Abul Kalam Azad University of Technology and hence, all departments are required to implement the syllabus prescribed by the University. The Timetable Committee headed by the Principal and a senior Faculty Member draws up a detailed timetable which efficiently deploys the units of time for academic and co-curricular purposes as for example, theory, practical, tutorial, ICT, life-skill, value education and add-on classes thereby ensuring a balance between the different types of engagement a student is expected to participate in. The departments strive for effective curriculum delivery through a combination of time-tested and innovative methods: beginning with an entry-point based on an academic calendar detailed enough to cover the available timeframe, yet flexible enough to permit changes. The teaching plans consist of detailed apportionment of the syllabus among all the faculties of a particular department. The apportioning is done democratically through discussion and deliberations among faculties in departmental meetings. Faculty members take utmost care to complete the syllabus in time. Tutorials/projects, class tests and internal assessments comprise the formal evaluative processes, but students are encouraged to meet faculty beyond classroom hours for doubt-clearing and curricular discussions. Extra hours are devoted to taking remedial classes after completion of internal examinations to bolster students' preparedness before University examinations. Periodic meetings of IQAC take stock of the progress of teaching progress, among other things and meetings of the Department with Principal and parent-teacher meetings are other forums where specialises Engineering and as the whole human society is the laboratory in which students can observe, analyze and gain insight into various intricate aspects of their syllabus, much attention is paid to experiential learning. Due to the Covid-19, when the entire teaching learning is restricted to the online mode, we have encouraged students to enroll in the MOCCS organized by MHRD. Our students have enrolled in a number of NPTEL courses and completed the same with remarkable grades. The college is well equipped with smart class rooms, virtual class rooms, audio-visual and other ICT facilities which are extensively used by teachers in day to day teaching and we are also giving real time Live streaming classes and also creating a repository to make delivery of the curriculum easy and accessible to the students. Interactive teaching is promoted through students' participation in group discussions, quizzes and seminars. Special lectures delivered by eminent scholars on topics related to the curriculum further intensify students' learning experience.</p>
3. The period of delay in completion of syllabus (in months)	0
4. The period of delay in conducting exams (in months)	0
