

# REGENT EDUCATION & RESEARCH FOUNDATION

## Group of Institutions

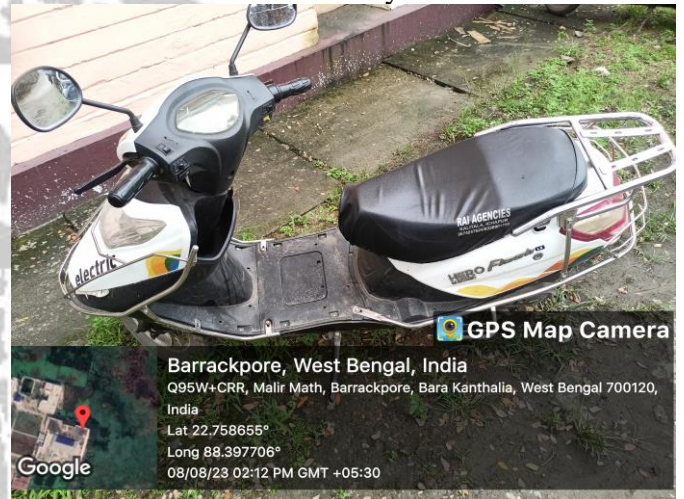

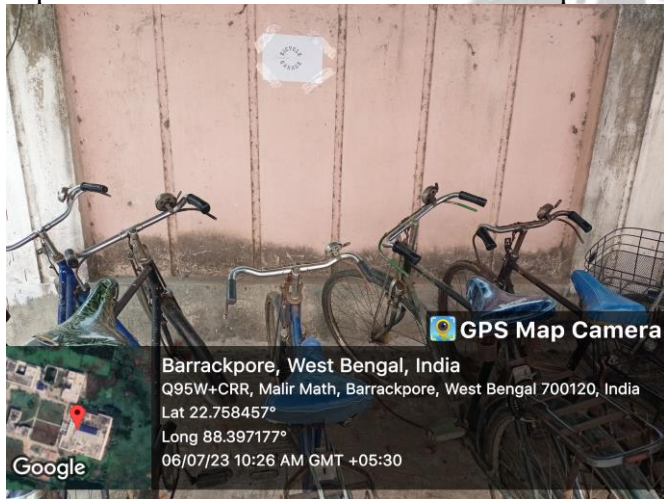

### Green Campus Initiative on Campus

#### **Restricted entry of automobiles-**

Regent Education and Research Foundation Group of Institutions maintains the vow of restricted entry of automobiles in the campus. The vehicles owned by faculty members (four wheelers) have restricted entry. Vehicles owned by students (two wheelers) have permission for entry provided they have pollution check certificates.

#### **Use of Bicycles/Battery powered vehicles-**

Students and Staffs living in the fringes of Barackpore within 5km radius prefer bicycle as their mode of transport. Teachers also use the mode of transport as it stands for environment friendly status.

#### **Pedestrian Friendly Pathways-**

On the college campus's back side, there is parking for cars. Students and staff feel comfortable going along the pedestrian-friendly routes even if there are restrictions on vehicles entering the site.

## Group of Institutions

### Ban on use of Plastic-

Plastic products(below 120 microns) are completely prohibited on campus, and employees and students are made aware of the ban through noticeboards placed around the building. In order to reduce the usage of plastic, steps have been taken to replace plastic tea cups in the canteen with biodegradable paper cups.

### Landscaping with trees and plants-

The Institute features a canopy of trees and plants to keep the air clean and protect the health of every prisoner. In addition to the trees' lovely ambience, plants with medicinal benefits also provide additional health care, which adds to the aesthetic appeal. A skilled gardener looks after the garden. The college has a garden committee that is responsible for the growth and upkeep of the campus's vegetation.
