REGENT EDUCATION & RESEARCH FOUNDATION

Presents

SPLENDORA 2K20

Organised By:

RERF GROUP OF INSTITUTIONS

**REGENT
EDUCATION &
RESEARCH
FOUNDATION**

**SWAMI
VIVEKANANDA
INSTITUTE OF
MODERN STUDIES**

**REGENT
INSTITUTE OF
SCIENCE &
TECHNOLOGY**

RERF Group of Institutions

"Spirituality as a science ,as a study, is the greatest and healthiest exercise that the human mind can have"
 –Swami Vivekananda

Regent Education & Research Foundation, a non-profit-making trust which has been set up to promote the technological and professional education of highest standards and to encourage research and training activities so that the students, conferred with the degree can not only meet the professional challenges but also all the challenges life has to offer. In this era of economic liberalization, globalization and technological super advancements our motto is to put quality education in the light of Swamiji's vision of spreading education throughout the society.

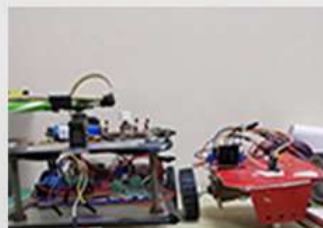

Splendor

" In the history of science we often find that the study of some natural phenomenon has been the starting point in the development of a new branch of knowledge "
 – Sir C.V.Raman

The goal of splendor is to engage students with science in ways that are inspirational and empowering. Developing the "Curiosity" is the main aim, as that will lead to "learning" and "development". The fiesta wants to engage the learner in "STEM" (Science, Technology, Engineering & Mathematics) and improve our lives. The development of science and technology will inject scientific attitude among the young learners and this will give us the power to create new possibilities.

The "SPLENDORA" is a platform which provides ample scope to the learners of "STEM" to communicate among themselves and this gala conglomeration gives the scope for the exchange of ideas, which provides all the inspiration that the young minds need.

Glimpses of 2K19
